

Conservation Strategy Workgroup
Agenda
March 19, 2007

Purpose: Discuss draft tables of conservation themes and stressors for pelagic fish.

Expected Outcome: Provide direction to SAIC on continued development of conservation themes and stressors.

Agenda:

1. Introductions—Chair
2. Review/adoption of meeting notes from March 5 CS Workgroup – Chair/Group
3. Meeting Purpose—Chair/SAIC
4. Overview of technical process for fish biologists working sessions and presentation of draft conservation themes and stressors handouts - SAIC
5. Discussion of conservation themes and stressors handouts —Group
 - a. Do the conservation themes presented match what individuals were thinking when SAIC was asked to develop themes?
 - b. Do the stressors presented provide the greater level of detail/specificity that individuals were expecting when SAIC was asked to expand the list of stressors from the earlier table?
6. Guidance to Consultants—Chair/Group
7. Next Steps and Meetings—Chair
